

EGPC

**2021 BID ROUND
REQUEST FOR BIDS (RFB)
II-MAIN COMMERCIAL TERMS**

All bidding parties (“Bidder(s)”) must bid on those terms highlighted and listed below as subject to competitive bidding.

1. TYPE OF CONTRACT

The Production Sharing Agreement (PSA) model based on production rates will be applied. The relevant PSA is attached to this Request for Bid (RFB). The successful bidder will be referred to as the “Contractor” in the PSA and shall undertake all risks and financial obligations to explore and develop both crude oil and /or gas under this PSA.

2. PARTIES to the PSA

The parties to this PSA will be i) the Government of Arab Republic of Egypt (“A.R.E.”), ii) the Egyptian General Petroleum Corporation (EGPC) and iii) the Contractor.

3. ROYALTY & INCOME TAX

- a. EGPC shall bear and pay out of its share the royalty due the A.R.E. under the PSA on behalf of Contractor.
- b. EGPC shall assume, pay and discharge, in the name and on behalf of CONTRACTOR, CONTRACTOR's Egyptian income tax out of EGPC's share.
- c. In case Contractor elects to dispose all or part of its Gas production share and excess cost recovery share if any, by itself to local market, contractor shall notify EGPC of the Gas price, Quantities and Gas buyer. The effective law No. 196 of 2017 Regulating Gas Market Activities in A.R.E. shall be applied on Contractor.

4. CONTRACT PERIODS

a. Exploration Period:

Bidders must specify the duration of the Exploration Period in the offer (shorter exploration period is preferable) and subdivided into phases (With maximum total exploration duration of 7 years). The Contractor will have the option to relinquish at any phase provided that CONTRACTOR has fulfilled commitment of such phase. (**Subject to competitive bidding**)

b. Development Periods:

The duration of any Oil or Gas Development Lease shall be (20) years from the date such Development Lease is approved by the Minister of Petroleum and mineral resources.

A Development Lease may be extended up to two extensions (5 years each) upon Contractor's advance written request to EGPC for such extension. This request must include a complementary Development or Production Plan (as the operation may require) and an extension bonus. All requests for extensions are subject to prior approval by EGPC and the Minister of Petroleum and mineral resources.

5. MINIMUM WORK AND FINANCIAL OBLIGATION

- a. For each Exploration Phase, the Bidder shall bid its minimum technical exploration program in sufficient detail (including for instance, the number of wells, seismic, etc.) **and its expected relevant minimum financial commitments. (Subject to competitive bidding.)**
- b. Any exploration and financial obligation in excess of the minimum obligations during any phase shall be carried forward to the subsequent phase and offset against the minimum technical and financial commitment for such phase.
- c. A Letter of Guarantee for the minimum financial commitment of the initial Exploration Phase must be submitted to EGPC at least one day before final signature of the PSA. Where Contractor elects to enter a subsequent Exploration Phase similar Letters of Guarantee will be required. The Contractor has the right to submit a bank guarantee or a letter entitles EGPC to offset from the Contractor(s) dues an amount equal to the financial commitment of the current phase under the subject PSA concession agreement.

6. RELINQUISHMENT

- a. The Contractor shall relinquish a minimum of -----% (not less than 25%) of the original Exploration Area at the end of each Exploration Phase. Relinquishments may be as single discrete contiguous blocks or configured units as approved by EGPC. At the end of the final Exploration Phase, the Contractor shall relinquish all of the remaining Exploration Area that has not previously been converted to a Development Lease. **(Subject to competitive bidding.)**
- b. Subject to the approval of the Minister of Petroleum and mineral resources, Contractor may retain the area supposed to be relinquished per the terms of the PSA by submitting a written pre-notification request to EGPC at least six (6) months prior to the required relinquishment date. Such request by Contractor must include i) the additional technical activities that Contractor agrees to undertake, ii) a statement or breakdown of the costs and expenses for such additional activities, and iii) a Letter of Guarantee with a stated amount equal to the costs for such additional activities. The Contractor shall pay a non-recoverable bonus.
- c. At the time of relinquishment of all or any part of the Concession area, Contractor shall ensure that all environmental regulations set out in Article XVIII have been followed in accordance with sound and accepted petroleum industry practice, if so requested by EGPC.

7. COST RECOVERY

- a. Bidder to provide the percentage (---- %) of total production it will require for Cost Recovery up to but not to exceed 40%. **(Subject to competitive bidding)**.
- b. Bidder to provide amortization schedule for its exploration and development expenditures, but not less than 4 years. **(Subject to competitive bidding)**.
- c. EGPC's PSA provides Cost Recovery for 100% of PSA operating expenses.
- d. Exploration and Development expenditures incurred and paid by Contractor during the last (-----) years of any Development Lease(s) shall be cost recovered over the remaining period of the Development Lease(s). **(Subject to competitive bidding)**
- e. In respect of any Excess Cost Recovery ("ECR") Bidder to state the percentage each of Contractor and EGPC should be allocated, on the condition that EGPC shall not receive less than 85% of any ECR. **(Subject to competitive bidding)**

8. PRODUCTION SHARING **(Subject to competitive bidding)**

After deducting Cost Recovery (percentage), the remaining percentage of petroleum shall be shared between EGPC and Contractor based on Brent Price (on a quarterly average) and according to the production tranches shown in the following table.

The Bidder shall complete in its entirety the specified tranches in the table below and submit the completed table with its bid, provided, however, that EGPC' share should not be less than (70 %) calculated at a Brent Price of less than or equal to 40 US\$/BBL for the first production tranche with EGPC's share increasing for each tranche thereafter as the Brent price and production tranches increase (as provided).

(i) EGPC' Share of Crude Oil and Condensate
